I chose TBC for its state-of-the-art education, with one of the best infrastructures in town and the career opportunities that will be available after I graduate. There are many good colleges offering BBA in Nepal and TBC is definitely second to none. This has been one of the best decisions I have made so far.

I love the independent learning style that The British College offers. It really does make you stretch beyond your previous capabilities and really open up your mind for free thinking.
