## VARIOUS FACETS OF A LEVEL

### Eligibility for the A Levels

Students who have taken the SEE/GCSE/CBSE or equivalent exams at the time of admission can apply. The main requirement is a sound academic ability to meet the rigours of this challenging programme. The British College uses a comprehensive evaluation system to select a highly motivated group of students to join the programme.

### Flexible subject choices

Students are free to study a range of subjects. Giving students the power to choose helps to motivate them throughout their studies. Students study 3 full subjects as well as the English General Paper throughout the 2 year A Levels programme. The standard admission requirement for UK universities is three A Levels.

Students are assessed on a grade scale from A\* (awarded for the highest level of achievement), to E (indicating the minimum required performance to constitute a pass). U stands for ungraded which is a fail.
