

What is Pearsons BTEC?

The BTEC HNC/HND in Hospitality Management is aimed at you if you want to continue your education through applied learning! Higher Nationals provide a wide-ranging study of the hospitality sector and are designed for students who wish to pursue or advance their career in hospitality.

In addition to the knowledge, understanding and skills that underpin the study of the hospitality sector, Pearson BTEC Higher Nationals in Hospitality Management give students experience of the breadth and depth of the sector that will prepare them for further study or training.

Why BTEC?

BTECs are work-related qualifications for students taking their first steps into employment, or for those already in employment and seeking career development opportunities. BTECs provide progression into the workplace either directly or via study at university and are also designed to meet the needs of employers. Therefore, Pearson BTEC Higher Nationals are widely recognised by industry and higher education as the principal vocational qualification at Levels 4 and 5.
